		36	What are some solutions to those problems?					

履修者へのメッセージ Message for Students

This course is designed for students who already have some language skills. At the beginning of the course, there will be a test to determine if you have enough language ability to be successful in the course. This course aims to help you develop a better understanding of yourself and the world around you through reading, writing, listening and speaking activities. You will get extensive practice in producing language through speaking and writing. This course should also help you develop research skills.

履修者へのメッセージ Message for Students

You need to bring your textbook and a Native English notebook to every class. Sometimes, you will make use of your iPad as well. Make sure you study the English Crazy vocabulary each week and complete the homework package. Don't forget to prepare well for oral tests and listening tests by going back over the materials studied each term. Always try your best to use English when you can, and don't be afraid of making mistakes in class!

履修者へのメッセージ Message for Students

In this course, you will learn how to construct grammatically correct sentences which you can use in everyday situations. You are expected to participate in class activities, and encouraged to speak in English in every class. There will be a unit spelling and vocabulary test to reinforce your understanding of the words learned in class. There will also be a homework package that you will be expected to complete and submit every unit. Don't forget to bring your notebook, textbook, and iPad to class.
